

Members,

The Negotiation Team wanted to share with you something that was inadvertently left off the Pink Sheet, you should have all received by today! All sheets were sent to TAC on Thursday for a Friday delivery to the buildings. However, Middle and High Schools should have gotten them today due to conferences and President's Day.

On the final Pink sheet update, this item was missed. This clause reflects current practice that comes from an organizing project that was agreed to with the District in 2016.

The following clause will be added to the master agreement under Preparation/Conference/Planning Time: "Pre-K, Early Childhood Special Education and Head Start teachers shall have one release day per month from September to May, totaling 9 days per year and additional plan time may be available during nap time of 400 minutes during a two-week instructional period for the school year."

DON'T FORGET...

Our last Tentative Agreement hearing will be held today at the OEA at 4:45! Voting will take place at 8:00 am on Wednesday, February 21st and will end at 5:00 pm on Wednesday, February 28th. Remember to vote before or after school, and on your duty free lunch.
