Colleagues,

Good afternoon! Sharing some information with you...

### [Vaccine Clinic](#)

OPS held their first clinic on Saturday, we heard it was very successful. Many have contacted the OEA and asked how long until they get to my age group, it varies on the number of vaccines being provided to the district for the number of staff to be notified. We know many individuals are anxious to receive the vaccine, but the number of vaccines are out of our hands. Continue to watch your email closely and follow the steps. As we approach Spring Break, if you are notified and are unavailable you will go to the back of the line for that specific tier before you are offered it again. **Check your work email often for future registrations on clinics being provided.**

### [OEA General Election](#)

Just a reminder that it will close at 5:00pm on Monday, March 1<sup>st</sup>. If you have not voted, now is the time. You should have all received a ballot for the Vice President of Member Benefits and the NEA RA Delegates. Middle and Senior Level members should have received an additional link to vote for your representative for the OEA Board of Directors. Reach out to the OEA office if you did not get a ballot to vote, 402-346-0400.

It is hard to believe that we are approaching a full year with COVID. It has been a tough year for every one of you. You were asked to do so much in the last year and OEA appreciates all you have done and continue to do for your students. As we approach the nicer weather, take time to enjoy it.

I will continue to keep you posted on information OEA receives regarding the clinics being provided.

Be well,

Robert  
OEA President
