

Colleagues,

Mother nature sure can be interesting. I hope you had a productive day and are safe at home.

Sharing a few things...

12/15 Remote Learning Survey

A survey will be sent out to the membership today to gather data on how the Remote Learning went. You will have until Saturday, December 18th at noon to complete it. The data collected will be used to support our position on changes to the Remote Learning days. If you do not receive the survey, check your spam, promotional, or social folders. Members who have opted out of Survey Monkey may not have received it, and it will require additional steps to get it resolved. If you did not receive the survey and have looked in your folders, please email Robert.miller@nsea.org to check your status. We have the capabilities to see what emails were undeliverable or who has opted out of the platform.

District 2022/2023 Calendar

We have received questions from members around the changes in the calendar that was approved for the 2022/2023 academic year, specifically, the days during Thanksgiving Break, Winter Break and Spring Break. Those days are the same that it was for this year. Intercessions were planned for this year, but it did not come to fruition. OEA did not receive feed back from staff who worked the Thanksgiving Break. It will be completely

optional for staff to use as intercessions. The breaks that have been identified will allow schools to offer additional time for students to master skills being taught.

- This is NOT MANDATORY, if a teacher wants to assist, they will be compensated accordingly.
- No further days were added to the contract, teachers will only be working for 188 days for the 2022/2023 Academic year.

December TipOff

The monthly newsletter is titled the 'TipOff.' It shares information on what OEA is doing, events being held and ways to get involved in your association.
