AR ELECTION

Your current AR has information on how to run the election at the building level, to select AR's for next year. Each school is entitled one representative and one alternate. Schools having more than 15 OEA members are entitled to one representative and one alternate. Buildings can have one representative for every 15 or major fraction thereof. To identify who the building Captain shall be, an election must take place from those who have been elected as association reps. Click the button to the right to view the form and explanation on how to determine your reps.
