

We have been shocked by the news we have been hearing regarding the Department of Education layoffs and concerns of it closing. NEA held a webinar last week with leaders to discuss why we need to be on alert and possible cuts in funding that will be coming. One of our members on the call took notes and put information together for us. I am sharing a link to the document so you will all be able to see what was presented. NEA, NSEA, and OEA all continue to be vigilant regarding the mandates coming from the federal and state government. If you do not already receive the Legislative Updates from NSEA, please go to the NSEA website and sign up for the latest news.

Additionally, NEA will be hosting a **second national webinar** on Trump's incoming Executive Order, which will be open to members, community partners, and allies. This virtual zoom meeting is scheduled for **Thursday, March 13, at 8 PM ET / 5 PM PT.**

Here's the registration link to the **March 13th** zoom call for you to promote within your state or local affiliate(s): nea.org/townhall

If you have any questions or concerns, please reach out to me.

In Solidarity,
Kathy Poehling
OEA President
